

Tourism Research Agenda

The Department of Tourism is in the process of compiling the Research Agenda which aims to outline a framework to identify, inform and guide tourism research priorities and needs for the sector. The Tourism Research Agenda will be developed for a three (3) year period, starting in 2024/25 to 2026/27, with annual review and update.

This a collaborative process and as a role player in the sector, you are requested to identify research priorities and needs for inclusion in the research agenda. The research priorities and needs should be of national importance and geared towards the recovery, growth and development of the sector.

Please click on this link [<https://docs.google.com/forms/d/1GgE0PwarEwAWx-4MNNUvML-IEKuoSL9I3er0KxN0PiU/edit>] to submit the research priorities and needs. We would appreciate your response by no later than 15 September 2023.
