# Introduction

# State of the Nation Address

*“We will make good on our ambition to more than double international tourist arrivals to 21 million by 2030.*

*This will be achieved through the renewal of the country’s brand, introducing a world-class visa regime and a significant focus on Chinese and Indian markets and air arrivals from the rest of our continent.*

*We are determined to ensure that tourists who come to our country are safe.”*

*President Cyril Ramaphosa, 20 June 2019*

# Why tourism matters

Tourism is ...

- **one of the best performing economic sectors**
- **A strategic pillar of SA's Economic Diplomacy**
- Has the **potential to address the triple challenges** of unemployment, poverty and inequality through the creation of decent jobs.
- A **foreign exchange earner contributing to the balance** of payments
- Provides the **economic opportunities** for women and youth
- Support the development of SMMEs
- Provides the opportunity to **stimulate economic activity** in rural and township areas
- Supports **NDP's economic policy objectives** for a more diversified economy
- Has **multiple linkages with other sectors** of the economy and generate significant multiplier effects
- Has the **potential to foster social cohesion**

# SA Tourism Competitiveness

## SA's World Ranking

★ 2015: 48/141    4.1  
★ 2017: 53/136    4

South Africa's 2015 ranking was highly competitive, with the country leaping from 64th place in 2013 to 48th in 2015. Unfortunately, the 2017 ranking indicated that South Africa's competitiveness decreased, placing 53rd in the Competitiveness index.

# Policy and Legislative Mandate

Tourism is a concurrent function for all three spheres of Government. At a National level, the Department of Tourism came into existence in 2009.

Overall legislative and policy direction for the Department of Tourism is provided for in the Tourism Act, 2014 (Act No 3 of 2014), the National Development Plan (NDP) and the National Tourism Sector Strategy (NTSS - 2017)

**The Department's mandate is to grow tourism to and within South Africa such that:**

- Its contribution to the Gross Domestic Product (GDP) and the economy is increased.
- Its contribution to job creation in South Africa is increased.
- Economic participation in the sector is inclusive.
- Enjoyment of tourism is shared by all South Africans.
- Quality tourism products and services are promoted.
- The practice of responsible tourism is promoted.

# The National Development Plan and Tourism

## Increasing exports

- Focusing on those areas where South Africa already has endowments and comparative advantage, such as mining, construction, mid-skill manufacturing, agriculture and agro-processing, higher education, tourism and business services.

## Regional economic integration

- Can boost economic growth in all countries in southern Africa. The region has grown rapidly over the past decade, with strong performances in minerals, agriculture, telecommunications and tourism.

## An inclusive and integrated rural economy

- Developing industries such as agroprocessing, tourism, fisheries and small enterprises where potential exists. Rural economies will be activated through improved infrastructure and service delivery, a review of land tenure, service to small and micro farmers, a review of mining industry commitments to social investment, and tourism investments

**By 2030 to 1) Eliminate income poverty – Reduce the proportion of households with a monthly income below R419 per person (in 2009 prices) from 39 percent to zero and 2) Reduce inequality – The Gini coefficient should fall from 0.69 to 0.6.**

# Departmental Strategic Goals

| Strategic Outcome Oriented Goals: (I) Achieve good corporate and cooperative governance.  |   |
|---|---|
| Goal Statements   | Link to Government Outcomes   |
| <p>The Department conducts its business in a manner that <b>creates public confidence in the state</b>. This requires <b>excellent systems for the management of public resources, ridding the system of any inefficiency and enabling oversight by institutions</b> of the state in the interest of the public.</p> <p>The Department is responsible to formulate a legal and regulatory framework for the sustainable development and management of tourism. Decisions in this regard are meant to govern the tourism sector to ensure that South Africa's approach to tourism development is in line with the principles of sustainability and responsible tourism. This requires the formulation of laws, regulations and policies for the sector to ensure a coherent approach to tourism development. It is also recognised that tourism growth depends on various other, contributing sectors. Therefore, a cooperative governance system must coordinate efforts to create coherence among all role-players</p> | <p><b>Outcome 12:</b> An efficient, effective and development oriented public service and an empowered, fair and inclusive citizenship.</p> |

## Organisational Strategic Goals ... continued

| Strategic Outcome Oriented Goals: (2) Increase the tourism sector's contribution to inclusive economic growth.   |  |
|--|--|
| Goal Statements  | Government Outcomes  |
| <p>Tourism's contribution to the economy is measured by jobs created, contribution to GDP, and revenue generated from tourism activity. Furthermore, as a services export sector, tourism is a significant earner of foreign currency. In the South African context, this growth should be underpinned by the principle of inclusivity to drive tourism-sector transformation.</p> <p>An increase in tourism's economic contribution is driven by an increase in domestic and international tourist arrivals as well as an increase in tourist spend. Along with its partners, the Department must create an environment conducive to this increase by ensuring a quality and diverse tourism offering as well as by developing sector capacity.</p> | <p><b>Outcome 4:</b> Decent employment through inclusive economic growth.</p> <p><b>Outcome 7:</b> Comprehensive Rural Development.</p> <p><b>Outcome 11:</b> Creating a better South Africa, and contributing to a better and safer Africa in a better world.</p> |

## Department's Current Plan

- Contains interventions which are meant to assist to inspire confidence, contribute to inclusive economic growth and job creation.
- Interventions spread across all four Programmes: Administration, Tourism Research, Policy and International Relations, Destination Development, and Tourism Sector Support Services.
- Implementation of all interventions, through all four programmes, is guided by ensuring that all efforts and limited resources are invested wisely and in a targeted manner in order to maximise our impact.
- Interventions will be communicated to all tourism stakeholders and targeted audiences.
- Approach adopted is to inform the tourism sector and the citizens, especially those living in the townships and rural communities of these initiatives and interventions so that they can know how to access the benefits from them.
- Outcome envisaged is to make a difference in the quality of life for women, youth and people with disabilities living in rural and township communities, including those in the nodal areas identified by the Department.

# Programme 3: Destination Development

Destination Development Branch ensures coordination and development of amenities, facilities, products and infrastructure to deliver quality visitor experiences and enhance communities well-being. This is achieved through the provision of coherent destination planning, investment promotion, tourism product and infrastructure enhancement and development, experience development and job creation through the Working for Tourism Programme. The following are the Programme focus areas:

- Destination Planning and Investment Promotion.
- Tourism Enhancement (which includes tourism product and infrastructure development and enhancement).
- Working for Tourism.

Through Destination Development Programme, the department plans to work with municipalities and communities to develop the underused public recreation facilities that they own into tourism destinations. The Programme aims to develop infrastructure for tourism to attract private-sector investment, counteract seasonality, and ensure that the economic value created through tourism and leisure activities is shared equitably among those involved in creating it.

## **Strategic Outcome-oriented goal:**

Increase the tourism sector's contribution to inclusive economic growth.

A **FTE** refers to one person-year of employment. One person-year is equivalent to 230 person days of paid work. Person-years of employment = total number of person days of employment created for targeted labour during the year divided by 230.

# EPWP: Some additional notes – Review Process undertaken by the Government Technical Advisory Centre (GTAC) on Infrastructure Projects

- In 2017/18 GTAC was contracted to undertake 1) a review of 32 projects that had stalled for various reasons and 2) Review the processes and guidelines for WFT and ensure alignment with the construction industry and strengthen the capacity of the Department to better manage the infrastructure related projects. This process was concluded in November 2018.
- The implementation of the recommendations of each of the 32 projects are currently at various stages of implementation
- Primarily findings, conclusions and recommendations from the individual project assessments, indicate the urgent need for the implementation of a **Revised Product Development Model**, which firstly will be applied to the individual projects as assessed in the short term assignment and then applied to the long term assignment of all future projects.
- Secondly, GTAC recommended that NDT strengthen WFT through improved collaboration with requisite expertise in tourism infrastructure and facilities investment projects and in partnership with experts in the field of financing such as construction and business establishment type of projects.

# EPWP: Some additional notes – Review Process undertaken by the Government Technical Advisory Centre (GTAC) on Infrastructure Projects (cont.)

Key elements of the revised project management model will include, but are not limited to:

- Feasibility studies (as part of project planning), according to best practice principles - to establish the long term sustainability of projects, value for public money and potential development impact.
- Facilitating effective private sector, community & development organisation participation in project operationalisation.
- Use of conventional project management approach, design by Client model, to execute the Working for Tourism projects and ensuring the transfer of skills, expertise and capacity to supplement current NDT technical capacity of the project team.

The Department is currently in the process of realigning all processes and systems to implement the recommendations of the Long Term Assignment

# Programme 4: Tourism Sector Support Services

- Tourism Sector Support Services enhances transformation of the sector, increases skills levels and supports development to ensure that South Africa is a competitive tourism destination.
- The Programme aims to accelerate the transformation of the tourism sector through implementation of programmes aimed at the empowerment of marginalised enterprises and individuals to promote inclusive growth of the sector.
- The Programme seeks to facilitate the development and growth of tourism enterprises to contribute to inclusive economic growth and job creation. This is done through creation of an enabling environment for tourism enterprises to grow, and contributes to job creation and the competitiveness of the destination, through the provision of business support services and tools.
- The Programme also implements prioritised programmes (capacity-building) that present opportunities for training and development for the growth of the sector.

## **Strategic Outcome-oriented goal:**

Increase the tourism sector's contribution to inclusive economic growth.
