## **MEDIA STATEMENT**

Tourism Minister Lindiwe Sisulu has noted a report by the Daily Maverick on Wednesday 1 February 2023 headlined: "From Lindiwe Sisulu, With Love: Inside SA Tourism's R1bn proposal to sponsor Tottenham Hotspur".

Sadly, this article is riddled with inaccuracies and untruths aimed at tarnishing Minister Sisulu's image. There is no doubt the report seeks to drive a political agenda rather to inform the public truthfully in line with journalism ethos.

The reporter falsely claims that Minister Sisulu is forcing SA Tourism to push the deal through before she is moved from Tourism portfolio.

This is a blatant lie. This reported deal, is purely an SAT board matter on which Minister Sisulu has not been formally briefed by the board.

Like any other board, the SAT board is independent and Minister Sisulu does not interfere with its decisions. Proposals get received by SAT, and are processed by a project team, then are sent through to the executive committee before being presented to the SAT board.

In the various portfolios Minister Sisulu has served since the dawn of democracy, her contribution to government speaks for itself. Even Daily Maverick through its source indicates that this proposal dates back to 2017, of which Minister Sisulu held a different portfolio.

Essentially, the SAT proposal is to conclude a Memorandum of understanding ( MOU ) with Tottenham Hotspur Football Club. It is non-binding. Such a proposal, must still pass muster within the Tourism Ministry and is subject to the concurrence of National Treasury, to conform to government prescripts.

With regard to this matter Minister Sisulu is still awaiting for a report and to be briefed by SAT board as they are independent and take their own decisions on various matters. It is mischievous, to relate this to the imminent cabinet reshuffle.

Minister Sisulu is in consultation with her legal team and will communicate the way forward in due course
