The NTCE aims to help create and build jobs in the tourism industry with the theme: *"Rebuilding a Resilient and Inclusive Tourism Sector for the Future"*. This year there will also be an online component to allow visitors from outside Gauteng to attend.

Aimed at Grade 8-12 learners, university and college students and unemployed graduates, the expo will showcase careers, skills development initiatives and business opportunities that exist within the tourism sphere and share valuable insights into South Africa's tourism and hospitality industries as they return to a new normal following the pandemic.

The expo will also provide an opportunity for tourism curricula experts to share information with tourism educators and learners and for stakeholders to provide detail on diverse careers available in the sector.

Highlights will include motivational talks by leading local tourism entrepreneurs and personalities, exhibitions of local tourism products and related services, tourism educator seminars, digital and social media platforms designed to profile tourism career opportunities and much more.

NTCE is hosted by the Department of Tourism in collaboration with the Culture Arts, Tourism, Hospitality & Sport Education Training Authority (CATHSSETA), the Gauteng Department of Economic Development represented by its provincial marketing agency, the Gauteng Tourism Authority (GTA).
